**FUNDING ISSUES/OPPORTUNITIES
FOR REGISTRY DEVELOPMENT**

Ruey C. Dempsey

Director, Technology & Regulatory Affairs

- Must be clearly defined in the SAFARI business plan and agreed upon by stakeholders in planning phase
 - Start-up costs
 - Ongoing costs
- Scope of registry will drive costs

How will costs be assigned:

- Per procedure?
- Per patient?
- Per data entry form?

What will they cover?

- Data entry
- Data management
- Data analysis
- Data monitoring
- ?

- Stakeholders
 - Must be realistic in light of the impact of healthcare “reform”, other registries and clinical trials
- Government (e.g. AHRQ stimulus funds)
- Creative sources
 - Establish fee for “service”
 - Charge a fee for data supplied to non-stakeholders (“licenses”)
